

## **Perfect Passage Special Meeting Agenda**

**May 4, 2022 at 6pm**

This meeting is held to inform the City of Tonasket of the status of the Perfect Passage Project. The City of Tonasket has aging infrastructure in its downtown, US 97 transportation corridor, including highway pavement, sidewalks, water, sewer and storm drain systems. The proposed Perfect Passage Project is to renovate the downtown area replacing existing infrastructure and increasing curb appeal for increased economic development and usability.

**Mayor, René Maldonado**

Community Welcome

**Kurt Danison --Tonasket City Planner**

History of the Perfect Passage Project. Finalized Master Plan explanation.

**Darren Johnson – City Public Works Superintendent and Alisa Weddle—Council Member**

Descriptions of the current infrastructure and need of the project.

**Engineering Firm--Varela and Associates**

**Kurt Holland**

Description of phases of the project, Funding analysis and description of Construction possibilities.

**Christa Levine- Council Member**

Legislative Liaison—Funding availability & future requests & 4 years of not giving up!

**Alice Attwood --Tonasket City Clerk-Treasurer**

Project's impact on our City's funding and rates.

### **Questions from the audience**

Submitted questions:

Where and how is the project 90% funded as per the City Council?

Is this using data from 3 years ago or new data?
